**Subject: Dental Program: Fee Schedule Changes and New Billing Instructions**

**Retroactive to dates of service on and after April 1, 2007**, the Health and Recovery Services Administration (HRSA) discontinued and added some dental services.

## Overview

The fee schedule for dental services has been revised to reflect policy changes. Changes include additions and deletions of services due to updates in coverage. In addition, some services are now represented by a Current Dental Terminology (CDT™) code, so the option of billing using a Current Procedural Terminology (CPT™) code has been discontinued for those services. **The CPT codes listed in the dental fee schedule are payable to physicians and oral surgeons. The CPT codes listed in the dental fee schedule are the only CPT codes that an oral surgeon may be reimbursed for.** Dental rates will be revised in July as in previous years.

**Note:** Changes are identified in the fee schedule by an indicator in the “Code Status Indicator” column.
